This procedure, for the application of products mentioned herein, has been found to be successful by Gabriel. However, Gabriel expressly excludes any and all warranties, guarantees, or representations whatever, written or otherwise, including implied warranties of fitness for particular purpose and merchantability. User(s) of this procedure, and/or any other information contained as part of this procedure, assume(s) the entire risk for results obtained from the use of any products in conjunction with this procedure. Since this procedure is written ONLY as a product usage guide, IT IS YOUR RESPONSIBILITY to make sure that proper safety clothing is worn by all workers and that currently prescribed chemical usage procedures are followed.

## Procedure

## Notes

### Upon Arriving, Check Following...

Note and report issues beyond your scope of work

1. Lighting and electrical equipment. Electrical odors.
2. Dripping faucets, poorly running water in urinals, etc.
3. Clogged toilets, Urinals, or sinks.
4. All Paper & Hand Soap levels.
5. Paper and Liquid dispenser functionality.
6. Source of any offensive lingering odors.
7. Water minerals, soap scum, & mildew buildup.
8. Hand dryer(s) functioning correctly.

### Moving Forward With Cleaning...

1. Flush urinals and toilets where needed.
2. Replenish hand soap and paper supplies.
3. Sweep floors & empty trash.
4. Wash sinks, mirrors, counters, & soiled touch areas.
5. Wash urinals & Toilets.
6. Wet mop floor using TQH-Certified detergent.  
Use cold water & make sure floor drains receive solution.
